Application No. 09/928,130 :  
Filed: August 10, 2001 :  
Title: COMPUTERIZED RISK MANAGEMENT :  
MODULE FOR MEDICAL DIAGNOSIS :

DECISION ACCORDING STATUS  
UNDER 37 C.F.R. § 1.47(a)

This is a decision on the second "Request for Reconsideration of Petition," filed January 13, 2003.

The petition under 37 CFR § 1.47(a) is **GRANTED**.

The above-identified application was filed on August 10, 2001, without an executed declaration, and naming Daniel J. Sullivan, Mark D. Crockett, John Epler and Robert A. Hilgart as joint inventors. In response to a "Notice to File Missing Parts of Nonprovisional Application," mailed September 18, 2001, applicant timely filed the initial petition under § 1.47(a) (and fee) and late surcharge under § 1.16(e). Accompanying the petition was a declaration executed by inventors Crockett, Epler and Hilgart; and a declaration executed by inventor Epler on behalf of non-signing inventor Sullivan. The initial petition was dismissed for failure to submit a declaration executed by all of the available inventors on behalf of themselves and on behalf of non-signing inventor Sullivan. (Decision mailed June 20, 2002).

On July 12, 2002, applicants submitted a declaration with language expressly indicating that the signers of the declaration were signing on behalf of non-signing inventor Sullivan. This submission was treated as a request for reconsideration. However, since the declaration was unexecuted, the renewed petition was dismissed. (Decision mailed July 25, 2002).

On instant request for reconsideration, applicants submitted the declaration with language expressly indicating that the signers of the declaration were signing on behalf of non-signing inventor Sullivan. This declaration was executed by all of the available joint inventors on behalf of themselves and on behalf of non-signing inventor Sullivan. Further, this declaration has been reviewed and found in compliance with §§ 1.63 and 1.64. Applicants have now met the requirements for status under § 1.47.

In view thereof, this application is hereby accorded Rule 1.47(a) status.

address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

The application file is being returned to the Office of Initial Patent Examination for completion of pre-examination processing.

Telephone inquiries regarding this decision should be directed to the undersigned at (703) 305-0309.
